

REMARKS/ARGUMENTS

In the Notice of Non-Compliant Amendment dated May 7, 2009, the Examiner pointed out that the listing of the claims did not include the text of all pending claims. Applicant thanks Examiner for pointing out this oversight. Applicant hereby submits a listing of the claims including the text of all pending claims, and withdrawn claims 1-61 and 79-101.

In addition, Applicant discovered that due to a word processing error in the previously filed Response to Office Action dated February 23, 2009, there were two claim 118s and no claim 165. Applicant has corrected the error and renumbered the claims. No new matter is added and no substantive changes are made. Applicant respectfully submits that these renumbered claims are not narrowed by virtue of the present amendment and the subject amendment should not narrow the available scope of equivalents under the Doctrine of Equivalents. Favorable action is respectfully requested.
